

Experience Elevated Living on the Golf Course

Step into exceptional design and everyday luxury in this beautifully crafted home overlooking serene fairways—an ideal retreat for those with refined taste.

From the moment you arrive, an impressive 8-foot entry door sets the tone. Inside, the grand entry unfolds into a chef-worthy kitchen featuring custom cabinetry, a large gathering island, and a walk-in pantry complete with its own sink and window. In addition, a built-in coffee and beverage bar adds both convenience and elegance. The spacious dining area easily accommodates a 12-person table, perfect for entertaining.

The Great Room stuns with 10.5-foot ceiling and expansive Andersen windows, bathing the space in natural light and view of the golf course.

The Primary Suite is your private sanctuary, boasting dual sinks, a luxurious tiled shower, and an oversized walkthrough closet with direct access to the laundry room and mud entry for ultimate functionality.

Main floor also includes an additional main-floor bedroom with a full bathroom.

The finished lower level offers two more bedrooms, a full bath, and a large Family Room opening to a covered patio. If you need more space there is even room to expand further.

Rounding out the home is a striking three-stall garage with a modern opaque-glass door that adds architectural flair.
